# Physician Module

---

RCA for Physicians is built on the same architecture as RCA for Hospitals

Physician reporting included in RCA 2016

- Disabled by default pending AMA licensing for CPT codes
- Executed summer 2018
- Crowe team working through backlog of PB clients providing charge level detail on RCA 2016 or 2017

What's new?

- Physician level net revenue reporting
- Physician productivity reporting by wRVU
- Late charge accrual reporting by facility and provider
