

# CROWE HEALTHCARE SUMMIT 2020

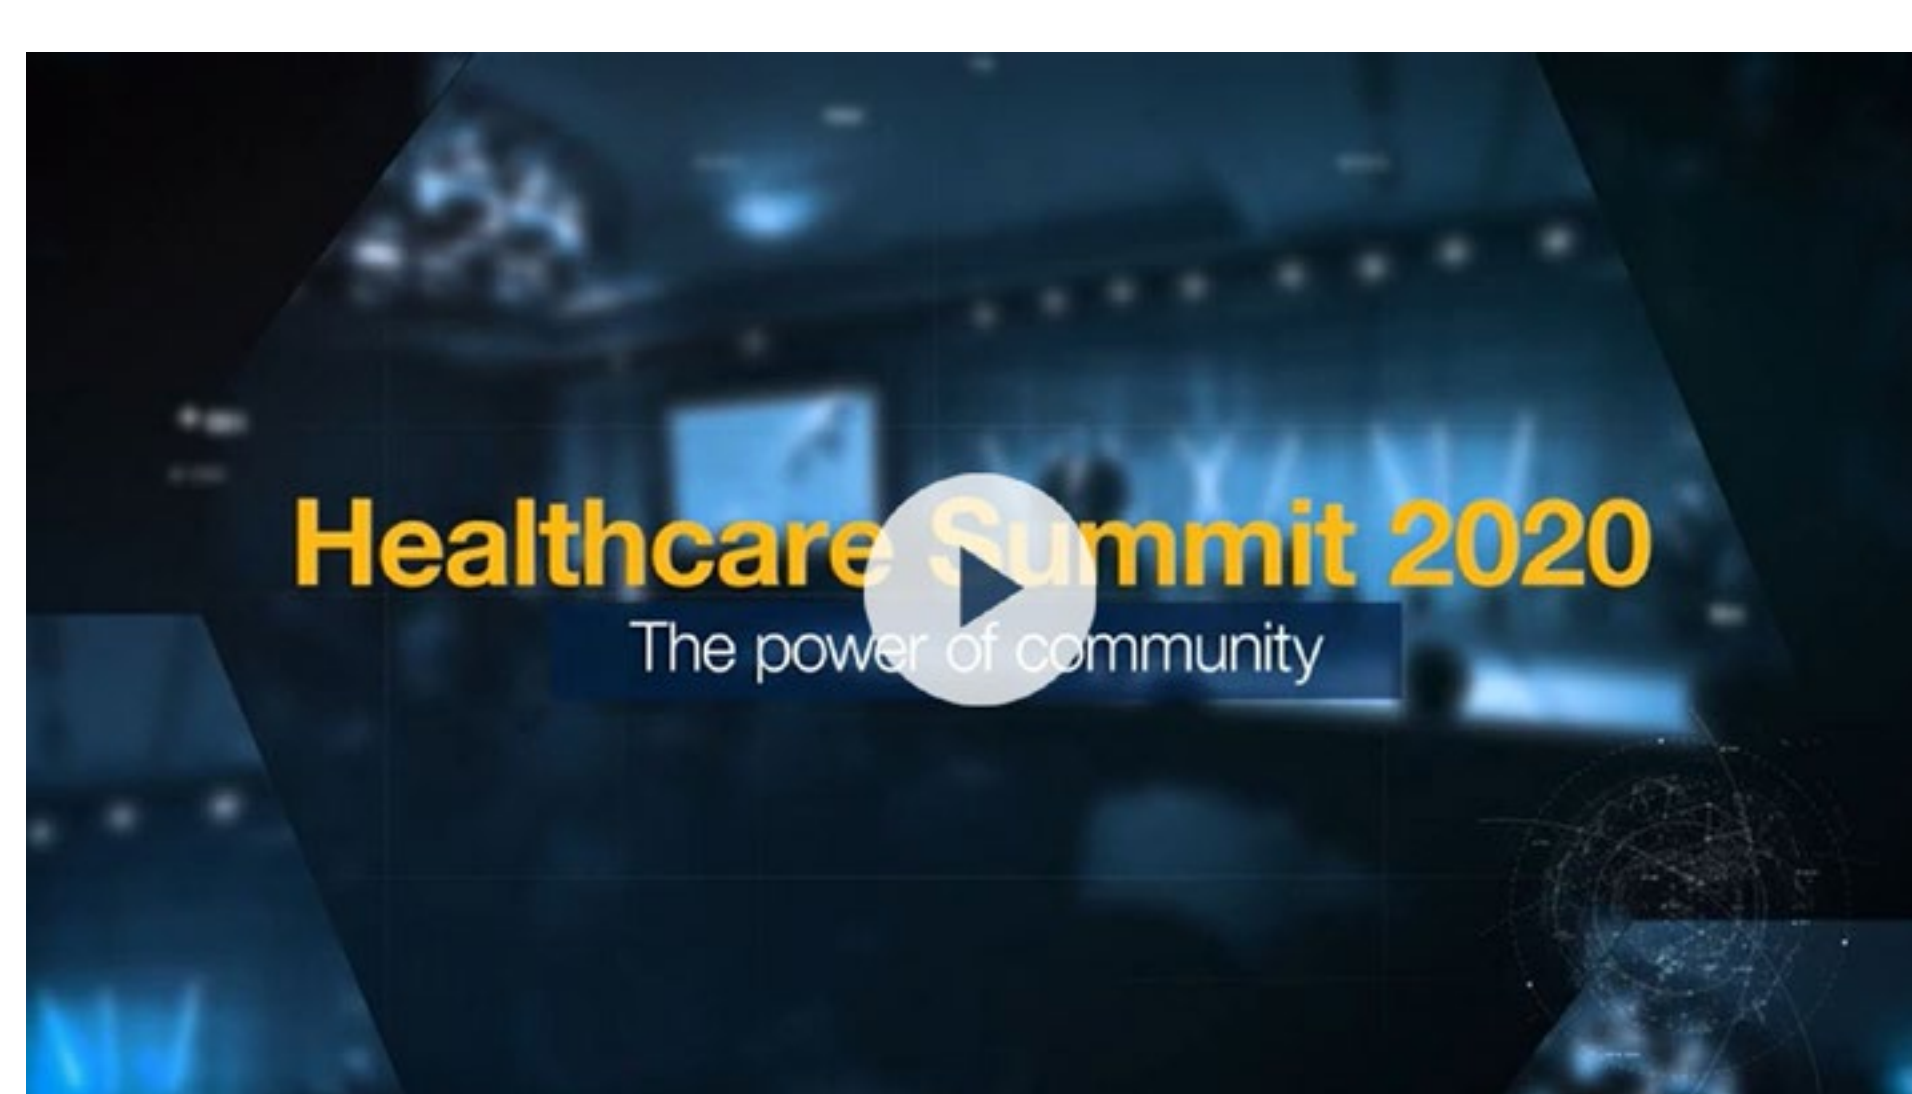

The power of community | A virtual experience

## HEALTHCARE SUMMIT 2020 GOES VIRTUAL

For nine years, Crowe Healthcare Summit has been trusted as the industry's premier education and networking event. The 10th annual event will continue to exceed expectations with a focus on healthcare finance, net revenue, reimbursement, and a variety of peer networking opportunities to explore. We invite you to experience the power of community – virtually.

Learn more about this year's new platform in this short message from Dan Gautschi, healthcare consulting leader at Crowe.

Alongside a new platform to support an all-virtual Healthcare Summit, the intensive-training boot camp breakout sessions have been revamped with new material covering key topics and current issues. While these sessions are designed to be experienced live, paid sessions will be available on demand through early 2021, and free sessions will be available indefinitely. Check out the agenda overview to plan for the sessions you're most interested in.

Attendees interested in registering for boot camp sessions will also find new offerings to accommodate a range of training hours and CPE credit.

## BOOT CAMP AND BREAKOUT SESSIONS

## REGISTRATION: HELPFUL TIPS

### Need help?

Please contact [hc.summit@crowe.com](mailto:hc.summit@crowe.com) with registration questions.

### Register for yourself or your group

The registration site will allow you to register for multiple attendees. Choose customized agendas one after another and pay as a group. Group discounts will automatically be applied to groups of five or more.

### Register for a category that suits your needs

Crowe Healthcare Summit includes breakout and keynote sessions, and additional paid session packages are available.

### Select your preferred session for all five breakouts

You will be required to select a session from the concurrent breakout sessions for each time block. We encourage attending live, but all breakouts will be available on demand, post-Summit.

### Know your time zone

All times listed are Central time. Please plan accordingly and keep an eye out for calendar reminders from ON24.

### Save your registration record

Screenshot or print the last page of registration for a copy of your personalized agenda. This information can also be found in the app.

Once you've finished registering, it's critical to download the Crowe Events app to fully immerse yourself in the Healthcare Summit community and virtual experience. Without the ability to connect in person and offer physical resources, we'll rely on the app, Crowe Hive, and our website to guide you through this virtual experience.

### Crowe Events app

- Personalized agenda
- Live updates and alerts
- Session descriptions and materials
- Presenter information and peer networking
- Access to live sessions on the go

### Logging in

- Login: Email address used during registration
- Password: **hc**

### Crowe Hive

- Q&A via Crowe Hive Live
- Pre-Summit polling
- Early access to exclusive content

### Summit homepage
