

# Crowe UAE Internship Program

Crowe is globally ranked as the 8th largest accountancy network with over 35,000 professionals in over 130 countries. Under its core values of Care, Share, Invest, Grow. Crowe UAE uses its deep industry expertise to provide audit, tax, advisory, risk and technology services to we serve clients locally and globally.

The Crowe Internship Program, which ranges 8-12 weeks, is offered in the summer and spring to top-achieving students. The program begins with firm's induction program and provides a well-rounded overview of Crowe UAE's clients, work initiatives, culture, people and values.

The interns are aligned to existing project teams to experience real industry work and direct client engagements. Interns have the opportunity to work closely with Crowe UAE leaders at all levels and have immediate access to partners. They participate in training sessions led by firm leaders and enjoy various networking and team-building opportunities.

To further ensure the intern's development and experience, all interns have a performance manager and peer liaison to provide feedback and support throughout the program. The Crowe Internship Program provides an environment where students can build strong skills in the workplace and have real hands-on experience.

Everyone at Crowe UAE helps make this a positive experience by providing guidance and answering students' questions throughout the internship. The internship program is the number one pipeline for full-time hires. It is standard for our former interns to receive a starting bonus if they are offered and accept a full-time position with the firm.
