I. Asset Protection in Austria

Austria as a Business Hub

- Extensive tax treaty Network in Place (DTT with around 90 countries); Member of the MLI
- Quick set up of bank accounts possible – however subject to money laundering compliance
- Secure banking system;
- Trading in Swiss francs possible in Austria

Advantages in comparison to Switzerland

- No property tax in Austria
- No inheritance tax in Austria
- No gift tax in Austria

Asset Protection

- Asset protection using Trusts possible
- A Trust is an ownerless special-purpose asset, set up for fulfilling a specific purpose (i.e. asset-management for a certain beneficiary).
- The sale profit of shareholdings (hidden reserves) can be transferred to a new shareholding. This reduces the acquisition costs of the new shareholding in the transferred amount, leading to taxation only when the new shareholding is sold.
- The settlor cannot be in the management of the trust.

Advantages in comparison to Germany

- Austrian Group taxation regime not possible in Germany
- More comprehensive reorganization regime in Austria
- More extensive dividend and capital gains exemptions for corporations in Austria
- More effective trust regime in Austria than in Germany
- Labour law more employer friendly in Austria

VAT

- Standard VAT rate 20%
- Input VAT can be recovered
- E-invoicing is possible

WHT

- WHT on dividends is generally 27,5%. However, reductions due to a the DTT UKR-AT are possible at source.
- Austrian domestic law provides for WHT on technical services and advisory services provided by foreign businesses which perform their services physically in Austria, unless they perform the services through a permanent establishment in Austria. 20% WHT has to be withheld by the Austrian entity.

Financing

- Financing options should be checked concerning the Austrian interest barrier and other interest deductibility limitations in connection with interest paid to associated enterprises

UBO Register

- UBO register (WiEReG): 4 weeks after registration of a new corporation in the companies register, yearly update necessary (no specific deadline for the update, but maximum 1 year between the reports)

PIT

- Limited tax liability/Unlimited tax liability depending on residency in Austria
- Individuals resident in Austria are subject to Austrian income tax with their worldwide income. An individual is resident in Austria if he/she has either a permanent accommodation or his habitual abode in Austria.
- However, foreign source income may be exempt from Austrian tax under the respective double tax treaty. If an individual is resident in more than one jurisdiction the double tax treaty determines where the individual has his main residence for the purpose of the tax treaty.
- If a foreign individual has a holiday home in Austria, he will not be taxed as a resident if he uses the holiday home for less than 70 days per annum and keeps appropriate records on the use. However, he may opt to be taxed as a resident of Austria.
- Progressive income tax rates:

up to EUR 11,000.00	0%
EUR 11,001.00 through EUR 18,000.00	25%
EUR 18,001.00 through EUR 31,000.00	35%

EUR 90,001.00 through EUR 1,000,000.00	50%
over EUR 1,000,001.00	55%

Capital gains relating to investments are subject to a 27.5% capital gains tax.
Capital gains from the sale of real estate attract a 30% capital gains tax.
- Exit taxation

IV. Setting up an AT Corporation

Government Support

- Research
- Education
- Start-Ups
- Tax Holidays for Start Up's
- Promotions for production facilities and buildings

Director rights of third country citizens e.g. Ukraine

- Pursuant Austrian trade law regulations the managing director under trade law must meet the personal requirements for exercising the trade. These include self-entitlement, the absence of certain convictions by the courts or financial authorities or certain insolvency or trade law offences, and the possession of certain residence rights in Austria.
- The managing director position is notwithstanding the nationality.
- Furthermore, a managing director must generally be domiciled in Austria. However if this is not the case, the trade law regulations foresee that the managing director - irrespective of his/her nationality – must be domiciled in a state in which the service of the imposition and enforcement of administrative penalties is ensured by convention, or that the managing director under trade law, if he is a **third-country citizen** with a residence title "permanent resident EC" or "permanent resident family member", must be domiciled in an EEA state or Switzerland.

Important aspects to consider when setting up an Austrian corporation

- The articles of association for a corporation have to be notarized in Austria.
- Minimum Capital requirement EUR 35.000.
- An Austrian bank account is necessary. A signature has to be given in person in Austria, no power of attorney possible.
- Registration of the business for trade law purposes is necessary.
- Chamber of commerce contribution is triggered by the registration.
- Possibly a certified representative for trade law purposes has to be appointed.

New Business Subsidy

- If a new business is set up by way of an Austrian Limited, it is possible to receive certain tax benefits upon request. These benefits include:
 - Duties and levies connected with setting up the new business, including duties for registration in the companies register, are not levied
 - Real estate transfer tax in certain circumstances, including duties for registration in the real property register (cadaster), are not levied
 - Certain payroll tax benefits are granted
- These benefits apply only for a limited timeframe, the length of which depends on the specific benefit.

V. Overview Common Structures

Options

- ① UKR Holding held by Ukrainian citizen resident in Ukraine invests in Austrian AT OpCo
- ② Ukrainian citizen resident in Ukraine founds AT Holding which invests in AT OpCo.
- ③ Ukrainian citizen resident in Ukraine directly founds or invests in AT OpCo.
- ④ Tax Group possible with an AT Holding as group parent and AT OpCo or foreign subsidiaries as group members, if the shareholding exceeds 50%.
- ⑤ Ukrainian citizen resident in Ukraine founds AT Trust which invests in AT OpCo.

Risks

- Unlimited tax liability in Austria due to residence in Austria (family and temporary stay in Austria). In this case the DTT UKR-AT is not applicable for Austrian income and all income of the individual is taxed in Austria.
- In this case exit taxation applies (27,5%), if Austria loses its taxing rights on the shareholdings invested in.
- Austria loses its taxation right, if the individual moves to another country (e.g. back to Ukraine) and the DTT allocates the taxation right to the state of residence.

V. Option 1 – UKR Holding and AT OpCo

Option 1

- Ukrainian capital in Ukrainian Holding is used to acquire Austrian OpCo.

CIT - Operational profits at AT OpCo

- 25% CIT rate (planned reduction to 23% by 2024)

Taxation of Distributions to UKR Holding

- **Dividends** are subject to WHT in Austria of 25% for corporations resident in third states (Ukraine).
- The DTT UKR-AT allows for a reduction of WHT to 5%, if the shareholding in the Austrian entity exceeds 10%.
- In all other cases (i.e. shareholding of less than 10%) the DTT UKR-AT reduces the WHT reduced to 10%.
- Upon request, a reduction of WHT at source is possible.
- **Repayment of Equity** to the shareholder can be tax neutral in the amount of the equity contributed by a shareholder and limited by the acquisition costs.

Taxation of sale of AT OpCo

- Sale of UKR Holding not taxable in AT.
- The DTT UKR-AT allocates the taxation right for the sale of AT OpCo to the residence state of the shareholder, i.e. Ukraine in this case.

V. Option 2 – AT Holding and AT OpCo

Option 2

- Ukrainian citizen founds AT Holding (assumption 100%) which acquires or invests in AT OpCo.

CIT - Operational profits at AT OpCo

- 25% CIT rate (planned reduction to 23% by 2024)

CIT - profits at AT Holding

- Interest for loans taken to acquire OpCo is tax deductible.
- Distributions from AT OpCo on the level of AT Holding are tax neutral.
- The sale of AT OpCo by AT Holding is taxed at 25% CIT in Austria.

Taxation of Distributions to UKR citizen

- **Dividends** are subject to WHT in Austria of 25% for corporations resident in third states (Ukraine).
- The DTT UKR-AT allows for a reduction of WHT to 10%.
- Upon request, a reduction of WHT at source is possible.
- **Repayment of Equity** from AT Holding to the shareholder can be tax neutral in the amount of the equity contributed by a shareholder and limited by the acquisition costs.

Taxation of sale of AT Holding

- The DTT UKR-AT allocates the taxation right for sale of AT Holding to the residence state of the shareholder, i.e. Ukraine in this case.

V. Option 3 – Direct investment in AT OpCo

Option 3

- Ukrainian citizen founds/acquires AT OpCo.

CIT - Operational profits at AT OpCo

- 25% CIT rate (planned reduction to 23% by 2024)

Taxation of Distributions to UKR citizen

- **Dividends** are subject to WHT in Austria of 27,5% for individuals resident in Austria or in third states (Ukraine).
- The DTT UKR-AT allows for a reduction of WHT to 10%.
- Upon request, a reduction of WHT at source is possible.
- **Repayment of Equity** from AT Holding to the shareholder can be tax neutral in the amount of the equity contributed by a shareholder and limited by the acquisition costs.

Taxation of sale of AT OpCo

- The DTT UKR-AT allocates the taxation right for sale of AT OpCo to the residence state of the shareholder, i.e. Ukraine in this case.
- In case the individual is considered a resident in Austria, the sale is subject to 27,5% income tax.

V. Option 4 – AT Holding with AT Tax Group

Option 4

- Ukrainian citizen founds AT Holding (assumption 100%) which acquires or invests in AT OpCo. AT Holding and AT OpCo form a tax group.

CIT - Operational profits at AT OpCo and profits of AT Holding

- Income of AT Holding and AT OpCo is taxed at the level of AT Holding with 25% CIT rate (planned reduction to 23% by 2024). Losses can therefore be offset with positive income of the other entity.
- Interest for loans taken to acquire OpCo is tax deductible (debt push down).
- Distributions from AT OpCo on the level of AT Holding are tax neutral.
- The sale of AT OpCo by AT Holding is taxed at 25% CIT in Austria.

Taxation of Distributions to UKR Citizen

- **Dividends** are subject to WHT in Austria of 25% for corporations resident in third countries (Ukraine).
- The DTT UKR-AT allows for a reduction of WHT to 10%.
- Upon request, a reduction of WHT at source is possible.
- **Repayment of Equity** from AT Holding to the shareholder can be tax neutral in the amount of the equity contributed by a shareholder and limited by the acquisition costs.

Taxation of sale of AT Holding

- The DTT UKR-AT allocates the taxation right for sale of AT OpCo to the residence state of the shareholder, i.e. Ukraine in this case.
- In case the individual is considered a resident in Austria, the sale is subject to 27,5% income tax.

V. Option 5 – AT Trust

Option 5

- Ukrainian citizen (settlor) resident in Ukraine founds AT Trust (minimum capital 70.000) which invests in AT OpCo.

Trust foundation tax

- 2,5% Trust foundation tax on the FMV of the assets contributed to the trust.

CIT - Operational profits at AT OpCo and profits of AT Trust

- Interest for loans taken to acquire AT OpCo is not tax deductible at level of AT Trust.
- Distributions from AT OpCo on the level of AT Trust are tax neutral.
- The sale of AT OpCo by AT Holding is taxed at 25% CIT equivalent for trusts in Austria. This can be credited against tax on distribution to the beneficiary.
- The sale profit of shareholdings (hidden reserves) can be transferred to a new shareholding. This reduces the acquisition costs of the new shareholding in the transferred amount, leading to taxation only when the new shareholding is sold.

Taxation of Distributions to UKR Citizen

- Distributions to beneficiaries are generally subject to WHT in Austria of 27,5%.
- The DTT UKR-AT allocates the taxation right to Ukraine. Therefore no tax is levied in Austria.

Legal form of AT Trust

- Ownerless special-purpose assets, set up for fulfilling a specific purpose (i.e. asset-management for a certain beneficiary).
- The settlor cannot be in the management of the trust.
