Professional Summary

- Nadia joined Crowe MacKay in 2010 and she oversees the Sechelt office's assurance function and quality control ensuring adherence to the highest professional and technical standards.
- She constantly monitors new developments in professional standards and assists in practical implementation of such new standards, as well as internal trainings. She is passionate about coaching and training CPA candidates by helping them succeed in their professional careers and on the Common Final Examination (CFE).

Experience

- Nadia has an extensive experience leading various assurance engagements and advisory projects across several industries including: not for profit organizations, government agencies, owner-managed companies, and professional organizations.
- Nadia's areas of expertise are assurance, accounting standards for private enterprises and accounting standards for not-for-profit organizations, and she enjoys helping clients identify and resolve challenging accounting and financial reporting issues or help with the transition to the new accounting standards.

Professional Affiliations

- Nadia is a member of the Chartered Professional Accountants of British Columbia and Ordre des Comptables Professionnels Agréés du Québec (Quebec CPA Order).
- She is also a member of American Institute of Certified Public Accountants, licensed in the state of Illinois.

Education

- Nadia received her Bachelor of Commerce, majoring in Accounting, with Great Distinction from McGill University in 2007.
- She received her Graduate Diploma in Chartered Professional Accountancy (CPA) at John Molson School of Business of Concordia University in 2009 and obtained her CA designation shortly after.

Community Involvement

- Since 2015 Nadia has been involved with the National CPA Program as a facilitator and session leader.
- Since 2011 she has been a coach at the CPA Program at John Molson School of Business of Concordia University.
