### **Professional Summary**

- Junior resource companies need an auditor who understands their industry's specific needs and risks. Keith's audit practice is focused on companies such as these and he prides himself on meeting stringent filing deadlines and completing audit engagements with minimal disruption to the client.
- He is committed to upholding the firm's reputation as the premier Western Canadian mid-size accounting firm. He participates in the firm's strategic and professional standards committees to ensure the firm is taking the steps necessary to maintain a high level of client service and commitment to the region.

### **Experience**

- By focusing on the mining and excavation industry, Keith is able to contribute his knowledge and experience to make the audit process less intrusive for his clients. Legal professionals often call on Keith for his assistance with initial public offerings, reverse takeovers, mineral property spinout transactions, prospectus offerings, filing statements, and other public offering documents.

### **Service Focus:**

- Audit
- Advisory

### **Industry Focus:**

- Energy and Natural Resources

### **Education**

- Keith graduated from Simon Fraser University in 1993 with a Bachelor of Business Administration
- Keith continued working for the firm until he obtained his Chartered Accountant designation in 1994
- He has also completed the Canadian Institute of Chartered Accountants In-Depth Tax Course

### **Community Involvement**

- Keith is able to combine his aptitude for numbers with his passion for golf as the treasurer of the Pitt Meadows Golf Club.
