

# NORTHERN RESIDENTS TRAVEL DEDUCTION

## Important Changes For 2023 Tax Year

1 - A Box 32 travel allowance that is reported on your T4 slip is no longer required to be eligible to deduct travel expenses.

2 - A maximum of up to two trips per person are eligible, within a family unit.

For some taxpayers, these changes may result in a significantly different tax deduction compared to previous years. Please complete the travel schedule below and provide any relevant supporting documents.
