**JUDICIAL NOTES:**

**OSBORNE, J.**

1. This is on motion by the Applicant for an order extending the time to make a proposal under the BIA, to August 17, 2022.
2. The company filed its NOI on June 3, 2022. The root of its financial difficulties are set out in the motion materials and in the First Report of the Proposal Trustee. I observe that the Proposal Trustee consents to and supports the relief sought. This is the first extension request. I also understand from counsel for the Applicant that BMO, the principal first ranking creditor, is not opposed to the relief sought.
3. In the circumstances, the extension sought pursuant to section 50.4(9) of the BIA makes good practical sense and I am satisfied it is appropriate.
4. Order to go is signed by me today, which is effective without the necessity of issuing and entering.
