Professional Summary

- Danielle Ragoonanan is a senior manager in the Audit & Advisory group. Prior to joining the firm as a staff accountant in 2017, she gained almost three years of various industry experience spanning across North America and the Caribbean.

Experience

- Over the course of her career, Danielle has developed a reputation of being a reliable and technically strong individual focused on delivering detail-oriented results.
- Danielle enjoys finding opportunities to deepen client relationships by taking a holistic approach to financial planning, addressing both personal and corporate needs to create optimal solutions.
- Danielle mainly serves privately held clients in industries including real estate and construction, wholesale and distribution, high-net worth family offices, and professional service corporations.
- Her areas of expertise center around assurance engagements with a high emphasis on business advisory and tax planning strategies. Danielle has also prepared corporate, partnership and personal tax returns with varying degrees of intricate tax scenarios for small to medium-sized business owners.
- Her strong proficiency in tax concepts serves as an asset to the Audit & Advisory group as she supports her team on the execution of complex tax planning strategies, while understanding the impact those strategies have on financial reporting.
- Danielle's curiosity drives her to continuously improve on her technical knowledge and analyze financial data from different perspectives in order to identify potential areas for improvement, which ultimately assists her clients to grow and succeed.
