Experience

- Penny has over 20 years of experience in the accounting profession. She has been providing professional accounting, auditing and business consultancy services to different types of clients including local small and medium-sized enterprises, overseas companies, societies and charity organizations.
- Penny has served clients of many industries ranging from manufacturing, trading, investment, to construction and finance, and spanning over chambers of commerce, academic societies and labour unions. To cope with the diversified development of our company, Penny has not only provided general accounting services like bookkeeping and treasury in recent years, but also other services such as arranging payroll, opening MPF accounts and arranging monthly MPF contributions.
