In this way, AC Crowe Ukraine's employees adhered to the main messages of our concept at home - sorting garbage, replacing PET bags with Crowe ecobags, reducing the use of PET bottles and using glass, growing plants, which helps increase O2 volumes.

We celebrated the anniversary of our Hello, #eco concept with an online challenge to demonstrate our indifference to the nature of the entire AC Crowe Ukraine's team.

To support and inspire the team and others to be eco, we introduced a series of videos with AC Crowe Ukraine's Green Officer, where we share our knowledge, achievements and motivate others to join our initiative.
