3. Environmental, Social and Governance (ESG)

With growing evidence, companies' investment and effort made in Environmental, Social and Governance (ESG) area, integrated into investment analysis and decision making, may offer long-term performance competitive advantages. Embracing ESG or sustainability factors in business development becomes a means to identify companies with superior business models. In fact, global leading companies and brands have increasingly focused on ESG matters in recent years. Some Hong Kong listed companies have already adopted certain ESG international guidelines or standards, such as those of Global Reporting Initiative, Carbon Disclosure Project and United Nations Global Compact.

In addition to raising of the obligation level to "comply or explain" by 2015 regarding the HKEx ESG Reporting Guide in Appendix 27 of the Main Board Listing Rules and Appendix 20 of the GEM Listing Rules, many organizations, listed companies in particular, are devoting more resources in complying with and tackling these disclosure requirements and concerns. Preparing a professional ESG reporting involves specialized knowledge, experience and judgment, and an ESG advisor can assist in evaluating the ESG achievements of an organization, making proper disclosures in ESG reporting, setting up of short term and long term improvement plans and thus bringing values to the organization.

Our team has solid experience in offering our clients with tailored and practical

solutions on business, consulting and valuation needs. We are here to provide value-added services like setting KPIs for ESG initiatives, stakeholders engagement effectiveness review, advising on energy and resources saving and waste reduction, drafting interim and/or annual ESG reporting based on the ESG international guidelines or standards and in accordance with the international or local regulations and statutory requirements.

For more information, please contact our Directors, **Mr Alex Leung** at alex.leung@crowehorwath.hk or **Ms Ester Ip** at ester.ip@crowehorwath.hk

Joining the Islamic International Trade Cooperation Development Summit

Managing partner of Ruihua CPAs Mr Yang Jian Tao (3rd right) and our Audit Director Ms Ivy Chua (2nd left) at the signing ceremony of the "Strategic Cooperation Agreement between China and Malaysia on Halal Certification Service".

Managing partner of Ruihua CPAs Mr Yang Jian Tao, our Audit Director Ms Ivy Chua and International Liaison Director Mr Charbon Lo were invited as VIPs to participate in the Islamic International Trade Cooperation Development Summit between the PRC government and Malaysia government held in Beijing on 18 May 2015. Our firm and Ruihua CPAs are the only Hong Kong and PRC

Such cooperation between Malaysia and the PRC social organization will help the PRC promote its Halal products in the international market and facilitate Halal trade with other Muslim countries.

The event was jointly arranged and supported by the PRC government, Malaysia government and MCH HALAL INTERNATIONAL HOLDINGS LIMITED (a company incorporated in Hong Kong) which is the sole authorized company for the "Halal certification" business in the PRC.

Chinese Enterprises Going Overseas Global Risk Management Forum and Financing & Insurance Seminar

Our Chairman and CEO Mr Charles Chan spoke on "The Taxation Risks For Chinese Enterprises Investing Overseas and Taxation Risk Management on Transfer Pricing for Multi-national Enterprises" at the Chinese Enterprises Going Overseas Global Risk Management Forum and Financing & Insurance Seminar held in Shanghai on 19 March 2015.

At the seminar, Mr Chan gave an analysis on common taxation risks encountered by Chinese enterprises upon overseas investments from the following perspectives: tax resident status recognition, eligibility of enjoying tax benefits and claiming of the tax credit on overseas tax payments. He

pointed out that Chinese tax resident enterprises are taxed on the worldwide income in China while non-tax resident enterprises may bear different amount of tax liabilities due to their tax resident status. Many Chinese enterprises misunderstood the procedures to obtain foreign tax credits on overseas tax paid. The eligibility of claiming foreign tax credit would depend on a number of factors including whether there are tax sparing arrangements under the double tax treaties or arrangements signed between China and the corresponding tax treaty country. In case of eligibility to enjoy tax sparing arrangements, the enterprises need to provide the in-charge tax authority with evidence regarding the tax settlement

or exemption on overseas income in order to claim the corresponding tax credits. He also gave an account of taxation risk management on transfer pricing for multi-national enterprises including definition of transfer pricing, and tightening up of tax administration on transfer pricing by taxation authorities.

The seminar attracted more than 500 representatives from state-owned enterprises, private-owned enterprises, foreign enterprises and multi-national enterprises in China. They had in-depth discussion on risk management and resolution for financing difficulties.

A Valuer's Perspective: Value of A Company's Sustainability

Our Director Ms Stella Law spoke on the value of a company's sustainability at a seminar organized by Accounting Development Foundation on 26 March 2015. The seminar received an overwhelming response with around 100 attendees.

Ms Law introduced the basic components of Environmental, Social and Governance (ESG) Reporting, its value for a company, ESG disclosure and ESG Reporting Standards. According to data from Sustainability Disclosure database of Global Reporting Initiative (GRI), the number of ESG reports published has been increasing to more than 4,000 in 2014 from about 2,200 in 2010, representing an increase of over 80%. This upward trend of publishing ESG reports may reflect the growing concern of sustainability among enterprises. Over the past five

years, Hong Kong Stock Exchange has gradually planned to request the listed companies to comply with the ESG Reporting Guideline from voluntary basis to statutory requirements.

ESG can bring a company with benefits such as gaining confidence of investors and consumers, bringing improved corporate reputation, greater risk management ability, increased employees' loyalty, higher productivity and efficiency. On the other hand, the company has to involve time and cost, human effort and on-going reporting. Ms Law suggested that the listed companies can follow Hong Kong Stock Exchange's guide to write an ESG report. ESG reporting usually covers workplace quality, environmental protection, community involvement and operating practices. She also illustrated the long term values of ESG with some

examples of well-known corporations in airline, property management and bank.

Our Director Ms Stella Law Spoke on IP Financing

Our Director Ms Stella Law was a keynote speaker at a HKTDC's seminar.

Our Director Ms Stella Law spoke on the topic of "Using Hong Kong as an ideal platform for Intellectual Property (IP) Trading" at a seminar organized by

Hong Kong Trade Development Centre, Shandong Intellectual Property Office of the PRC and relevant organizations in Jinan on 28 May 2015.

Ms Law said that more and more multi-national enterprises and SMEs sought IP financing as an alternative to fund raising. IP financing channels include IP loan, IP securitization, IP sale and leaseback and private equity. During the process of IP financing, IP valuation is essential for IP owners and investors under different contexts. The role of valuer is very significant because valuation can quantify the value of IP which is usually used to achieve IP financing, financial report, tax compliance, litigation, disposal or licence.

3. 環境、社會及管治諮詢服務

越來越多的證據顯示，企業投放資源將環境、社會及管治（ESG）的考慮融入其日常投資分析及決策中，可為企業帶來長遠的業務效益。ESG現已成為一項用於識別企業優勢的方法。領先全球的企業及品牌近年十分重視ESG。香港不少上市公司也

已採用了ESG國際指引或標準，如全球報告倡議組織、碳資訊披露項目和聯合國全球契約。

除了香港聯交所主板上市規則附錄27及創業板上市規則附錄20《環境、社會及管治報告指引》要求企業於2015年提升責任至「不遵守則須解釋」的要求外，很多機構，尤其上市公司都投放更多資源來符合披露要求。編製環境、社會及管治報告牽涉專門的知識、經驗和判斷，因此聘用ESG顧問有助機構評估自己在這方面的成就，在報告中作適當披露，並制定長短期改善計劃。

我們的團隊可因應客戶在業務及諮詢上的需要為他們提供特定而實用的方案。我們提供的增值服務包括設定關鍵績效指標（KPI）、審閱持份者參與的效益和為節能減排提供意見。我們亦按照相關的國際指引或標準、國際或本地法規及法定要求為客戶編製環境、社會及管治報告。

本公司主席兼首席執行官陳維端先生於2015年3月19日在上海召開之中國企業走出去風險發佈會暨融資與保險論壇，主講「中國企業海外投資稅務風險與跨國企業轉讓定價的稅務風險管理」。

會上，陳主席從如何確定稅務居民身分上的風險、如何掌握稅收優惠的風險及海外所得稅支出無法抵免的風險等三方面來分

析中國企業走出去進行海外投資經常面對的稅務風險。他指出，居民企業須就全球所得在居民所在國納稅，非居民企業則會因其稅務居民身份的不同而引致稅負的不同；其次，不少企業對在境外享受的稅收優惠在境內享有抵扣的安排有誤解，這種稅收優惠的適用性是取決於中國與相關國家簽訂雙邊稅務協議而定；最後，企業即使可享受稅務減免，也須要向主管稅務機關提供在境外已繳稅的憑證。同時，他亦提到跨國企業轉讓定價的稅務風險管理，包括轉讓定價之定義、稅務機關加強對轉讓定價的監管，以及稅務管理。

這次會議吸引了國內500多家來自國企、民企、外企及跨國公司等不同類型企業的代表參加，並圍繞風險管控和解決融資困難等問題進行了深入交流。

從估值師的角度看一間公司之可持續性價值

我們公司董事羅玗瑜女士於2015年3月25日在會計專業發展基金主辦的研討會上以「一間公司之可持續性價值」為題發表講話。研討會反應熱烈，吸引逾百名參加者。

羅女士在會上介紹了環境、社會及管治（“ESG”）報告的基本元素和它對一間公司的價值，以及ESG的披露和ESG報告準則。根據全球報告倡議組織之可持續發展資訊披露資料庫的資料顯示，ESG報告的發表數目由2010年約2,200本增加至2014年超過4,000本，增幅超過80%。這

個增長趨勢反映企業日益關注可持續發展。過去5年，香港聯交所循序漸進地計劃引進《環境、社會及管治報告指引》，從鼓勵企業自願性遵守該指引到把該指引列為法定要求。

ESG可以為企業帶來多方面好處，包括增加投資者及消費者的信心，提高企業信譽，增強風險管理能力，提高員工的忠誠度，改善生產力和工作效率等。另一方面，企業亦要面對因此而產生的時間成本、動用的人力物力，以及對發表持續報告的承擔。羅女士建議上市公司可按照香

企業可持續性是熱門議題，吸引了不少企業代表出席研討會

港聯交所的指引來編製ESG報告。ESG報告的內容主要包含優質工作環境、保護環境、社會參與和經營實踐。她又引用了航空界、物業管理和銀行界的知名企業作例子，闡釋ESG對企業的長遠價值。

羅玗瑜董事談知識產權融資

羅玗瑜董事在研討會上講解知識產權融資。

我們公司董事羅玗瑜女士於2015年5月28日在濟南出席一個由香港貿易發展局和山東省知識產權局等有關部門和機構合辦的研討會，並以「利用香港作為知識產權貿易的理想平台」為題擔任講者。

羅女士表示，越來越多跨國公司和中小企業利用知識產權（“IP”）來融資，作為另類融資來源。知識產權融資渠道包括IP

貸款、IP 證券化、IP 售後回租及私募股權融資。在知識產權融資的過程中，知識產權的評估對知識產權擁有者和投資者在不同情況下都是必要的，因為評估可以把知識產權的價值量化，故此評估師的角色十分重要。IP評估通常要達到的目標包括知識產權融資、財務報告、稅務合規、處理訴訟、出售或許可權。
